

Treasurer's Report

The Saskatoon Trail Alliance (Saskatoon Mountain Bike Alliance Inc.) finished the 2025 fiscal year in a strong financial position. Per our financial goals, we have sufficient cash to cover our projected expenses for the year ahead.

Our expenses remained stable throughout the year, except for our storage rental expense, which saw the biggest increase of all. This increase was anticipated, as 2024 only included five months of storage rental, whereas 2025 reflected a full twelve months.

We also made the decision to write off our remaining clothing inventory. Given sustained low sales and that no additional inventory has been purchased since 2023, we view this write off as appropriate. The remaining inventory will be given out as promotional material.

A significant change was made to our membership subscriptions this year as we introduced the ability to sign up directly through our website. We hope this change will make membership more accessible, especially for non-cycling trail users such as hikers and runners.

Thank you,

Alex Caldwell
